Note to businesses asked to make copies:

Several hundred images from the Power of Dance program were sold, too many to list individually. The above image shows the brick background and wood floor that were used for this photo shoot. My clients' photos were photographed on this set, but they will also have a group photo done on a white background too. Please allow my client to make copies of their images. If you have questions, you can call me at 920-865-6500. Thank you.
