

Find Your Classes at *The Power Of Dance, LLC*

To help you find the right combination of classes for your dancer, this schedule-at-a-glance is color-coded according to level. Look for the color(s) appropriate to your child's age/grade in order to quickly see all the options for their best dance year ever!

Can your child handle multiple classes? YES! Most kids as young as 3 can start (and SHOULD start) doing class for more than 30 minutes a week. Offering short classes in small chunks allows parents to customize their child's schedule.

Also, to maximize the benefits of dance, consider having your child take class multiple days a week, even if the classes are working on different things. DANCING at least two days a week is really the key. So go ahead and try an additional class (or two) for your child this year!
